J-Series Carton Clamps / White Goods Clamps

Not all clamps are created equal.

多种对应型号满足多种工况需求。
Designed for the white goods, warehousing, beverage, appliance and electronics industries, the WG Model clamps allow palletless handling, which improves precise handling, enhanced productivity and less product damage.

Cascade clamps offer a solution. They're durable enough for the toughest conditions, versatile and easy to service. Carton Clamp models include the precise handling, enhanced productivity and less product damage.

Adjusta-Block has six adjustment points that easily facilitate moving the position of the pad relative to the stabilizer. (WG models only)

The WG Models distribute clamp force more evenly along the pad surface, reducing damage.
